# *Introducing the Virginia Thinkfinity Leadership Team*

Cathy Maher

I am employed by Powhatan County Schools as an ITRT. In my career, I have held positions that include staff development, technical networking, webmaster, computer resource teacher, and my current position. I had my first training with Thinkfinity over 10 years ago and have been wowed by the resources Thinkfinity offers. That is why I am on the Leadership Team. I truly value this resource and its content. I enjoy sharing Thinkfinity resources! If you would like to learn more about Thinkfinity, I welcome the opportunity to share Thinkfinity with you.
